***Profile:*
DAVID FOWLER
President and CEO
Wellness Enterprises, LLC**

As president, CEO and co-founder of Wellness Enterprises, LLC, David Fowler brings more than thirty years professional experience in technological and scientific advancement to the company. In addition to sitting on the Board of Directors, Fowler is extensively involved with development and marketing strategies for the company's many products, including the Wellness Shower™ Filter®.

Prior to joining Wellness Enterprises, Fowler served as chairman, CEO and founder of Beacon Diagnostics, Inc, where he was involved in the development of the first saliva test for HIV. Before that, Fowler co-founded BioEnergy, LLC, where he licensed and developed technology for the production of ethanol from biomass, currently the U.S. Government's No. 1 candidate as an alternative to foreign oil. His company was awarded the most prestigious patent of the 1990s – US Patent 5,000,000.

As co-founder and president of Quadrex HPS, Inc, Fowler developed the technology used by the U.S. Government to decontaminate weapons of mass destruction from military electronics and aircraft. He was also involved in developing the system that cleaned the Hubble Space Telescope and designed the technology that removes toxic PCBs from transformers.

Selected as one of the top three environmental executives in Florida by *Florida Trend Magazine* in 1991, Fowler was also given the Governor's Award for Outstanding New Product of the Year in Florida, 1987. He has been awarded 41 U.S. and international patents.

Fowler has an M.E. in Environmental Engineering and Water Chemistry from the University of Florida, as well as a B.S. in Chemical Engineering and Pulp and Paper Sciences from North Carolina State University, where he was valedictorian.
